SCORE OF MINERS DROWN

Trapped When Water Breaks Into Space Where Men are at Work In Canada.

Nanaimo, B. C. (via Vancouver, B. C.) Feb. 10—Twenty miners were drowned in a shaft of the South Wellington mine of the Pacific Coast Coal Company, when water broke in.

The flood is believed to have come from old workings, which were probably tapped by the miners. The ground in the vicinity of the Wellington mine has been worked for years, and it was known that the new tunnels and shafts were close to some of the old ones,—which have long been filled with water.

The regular monthly meeting of the 17th Virginia Regiment Chapter will be held in Lee Camp Hall tomorrow morning at ten thirty o'clock. If inclement weather, at 504 Duke street.

NEWS OF THE DAY

Lord Charles Beresford is going to put a question to Premier Asquith in the British house of commons today, in which he will demand that Great Britain treat German raiders on undefended places as pirates and after a trial by court-martial hang them in public for the murder of women and children. This applies to raids from the air as well as by by sea. Lord Charles asserts that the government should adopt this plan in the future and no longer treat such raiders as honorable foes.

Father Joseph 50 years old, pastor of the Lithuanian Roman Catholic Church at New Britain, Conn., was shot and choked to death early yesterday in the study of his rectory, while his housekeeper, Mary Gilman, 40 years old, was choked to death in the garret of the rectory, apparently after having strongly resisted her murderers. It was recalled that about two years ago the priest received several letters from New York demanding $5,000 from him under threat of serious harm.

A report by the official "eye-witness" with the French forces, estimates the German losses in the three attacks which took place on the occasion of the Kaiser's birthday at 20,000. The report describes a desperate attempt by the Germans to break through the allied line at the point where the French forces formed a junction with the English.

Madened by drugs, Richard Henry Scrivener, 30y ears old, of Washington shot and killed his mother, Mrs. Kate Scrivener, 70 years old, and entering another room, sent a bullet through his own brain, yesterday afternoon shortly after 3 o'clock. The murder and suicide followed a violent quarrel at their home, 1019 Sixteenth street northeast, according to neighbors.

An armed band of 50 riflemen swooped down at midnight Monday night on Puranaqua, a town of about 7,000 inhabitants, 6 miles south of Manila, shooting up the place, pillaging and terrorizing the inhabitants. The police of the San Dionisio district were totally unable to cope with the situation. Constabulary aid was requested and the soldiers set out in pursuit of the insurrectos, who are believed to have been ladrones formerly under Noriel, recently executed for treason after Governor General Harrison had refused to pardon him, in spite of strong pressure brought by influential Filipinos.

The American steamer Wilhelmina, with a cargo of food supplies for Germany, arrived at Falmouth, England, yesterday afternoon and anchored in the inner harbor. The captain said he came in of his own free will and had no prize crew aboard. Customs officers visited the vessel immediately, but it has not been announced what action, if any, was taken. The policy of the British government concerning the Wilhelmina, it is stated at the foreign office, has undergone no change. Her cargo of foodstuffs will be put into a prize court and the ship will be released as soon as possible.

A thrilling air duel between British and German airmen occurred Monday over the Etterbeck maneuver grounds, near Brussels, resulting finally in the German being shot down. Thousands of Belgians watched the terrific battle in the air. When the tube pitched earthward, signalling the victory of the British flyer, the crowd broke out in a great chorus, singing "God Save the King," while the British aviator waved the Union Jack to the watching throng and headed for his own lines.

The Japanese cabinet has decided in view of the increased privileges demanded by German and Austrian prisoners in Japan that stricter discipline should in the future be enforced in the detention camp. Any attempt to spread prejudicial reports in Japan are to be punished; closer supervision of German residents in Japan is to be exercised. These foreigners who are found guilty of acts calculated to disturb the peace or inject discord into the relations existing between the United States and other foreign countries and Japan are to be deported. All Austrians and Germans who in the future seek admission to Japan must secure the permission of the military authorities.

SHORT SESSION OF CITY COUNCIL

Small Volume of Business Considered at Meeting Last Night

POLICE JUSTICE ACT.

Special Committee Sent to Richmond Last Week Make Report of Their Procedures

A considerable portion of the time of council was taken up with the reports of Councilman H. R. Burke and Alderman C. J. W. Summers, who went to Richmond in the interest of the repeal of the police justice bill. There was some doubt expressed that the new bill, as well as the old one was unconstitutional, but council took no action on the matter last night.

Board of Aldermen.

Six members of the board were present last night. Nothing was presented which caused debate, and the action of the Common Council upon three papers which were sent in from the Common Council was concurred in.

The report of the joint committees on finance and light recommending that Council take over the gas mains, service pipes, etc., in Rosemont and to appropriate $5,482.93 for that purpose, received from the Common Council on the 30th ultimo, was concurred in.

Mr. Ballenger presented a communication from the Virginia Inspection and Rating Bureau asking representatives of that organization as well as city officials to meet the Board of Underwriters in conference at the rooms of the Chamber of Commerce on February 19th at 8 o'clock. The Aldermen accepted the invitation to be present.

A resolution was introduced appropriating $35,000 for the purpose of beginning work on the purposed high school building at Cameron and West streets. The resolution was referred to the committee on finance, schools, and public property.

The board adjourned about 8:30 o'clock.

Common Council

The board held a brief session last night, acting on all matters that came before it promptly and without discussion. There were present Messrs. Leadbeater, H. R. Burke, C. S. T. Burke, Brumback, Bales, Moncoe, Harrison, Bendheim, Bryan, Marbury, and President Smith.

The question of the repeal of the act of 1914 providing for the election of a civil and police justice was discussed.

Mr. Brumback said that he had heard from several attorneys in the city that the repeal of this act was constitutional, but that the re-enactment of the former statute was unconstitutional. This, of course would place Alexandria in the position of having no one who could try either civil or criminal cases after January 1st.

Mr. Marbury said that it was his understanding that the Attorney-General had passed on the matter, and thought that both the repeal and re-enactment was in proper form and that he further understood that the Attorney General questioned the constitutionality of the act of 1914.

At this point Mr. H. R. Burke, who had been absent from the chamber, returned and made a report of the trip of the committee to Richmond. The committee had interviewed Mr. Machen, who after a conference with the Attorney-General, drew the bill providing both for the repeal of the 1914 statute and re-enforcement of the act of 1908, under which Alexandria's police justice now serves. He stated that both Senator Thornton and Delegate Birrell acted promptly and effectively in the matter Mr. Burke also stated that Mr. Robert L. Payne and Mr. Julian Y. Williams, from the Chamber of Commerce, were in Richmond, and had rendered very valuable services.

There still seemed to be some doubt as to the re-enactment of the statute of 1903, and Mr. Bryan stated that even if this was not re enacted, Alexandria would only be without justice for a brief time—that is from January 1st, 1916, until such time as the Legislature, which meets in January, 1916, could act.

A petition from James R. Mansfield asking reimbursement for the laying of sidewalk on Pitt Street between King and Cameron was referred to the committee on streets and finance.

A resolution appropriating $300 for repairs to the Friendship engine house was sent to the committees on finance and public property.

A resolution appropriating $35,000 to begin work on school building on the corner of Cameron and West streets was referred to the committees on finance, public property and schools.

A request from E. W. Spencer, of the South Eastern Tariff Association, asking that City Council meet a committee from the National Board of Fire Underwriters at the rooms of the Chamber of Commerce on February 19th at 8 P. M. was received and accepted. This invitation recited the fact that a careful survey of the city had been made in August 1913. That numerous difficulties and deficiencies in our fire protection and water supply had been noted and recommendations for their improvemen made; that in September 1914, another survey of the town had been made, which showed that none of the these recommendations had received any attention, and that the Board of Fire Underwriters at the request of numerous Fire Insurance Companies doing business in the city wished to discuss the matter with those in authority here.

The board subsequenty adjourned.

JIM CROW LAW IN DISTRICT.

Negro Preacher Says Riots And Disorder Will Follow its Adoption.

"Thousands of citizens undoubtedly would be lynched, burned at the stake, or otherwise maltreated by mobs in race riots should the proposed "Jim crow" cars be introduced in the District," declared Rev. Simon P. W. Drew, president of the Henderson Memorial Civil Rights League, at an indignation meeting of negroes last night in Cosmopolitan Baptist Church, Washington.

Rev. Drew further cited that the bill had for its object the separation of the colored from the white people, but held this would be an impossibility, because of the variety of colors among the colored people.

"Some are brown, some black, and some white colored people, and nobody can rightfully distinguish," he said. "Just think of the conflict that would arise between conductors and motormen in the nation's capital. There will be a time, when the Japanese, Chinese, Turks, West Indies, East Indies, Indians, Filipinos, and other dark races coming from Europe will be taken for American colored people.

HOME MYSTERY QUIZ HALTS

Nurse Who Told of Killing Eight Writing Long Story

Yonkers, N. Y. Feb. 10—Inquiry into the deaths of eight aged inmates of the German Odd Fellows' Home here was virtually at a standstill last night. Coroner Dunn was awaiting a report from Dr. S. M. Gregory, an alienist, who has under observation in a New York hospital Fred Mors, the former nurse at the home, who in a recent confession said he was responsible for the death by administering poison or an anaesthetic.

Dr. Gregory's report had not been prepared at night the Coroner was informed, as Mors spent the day writing out what was described as an extended history of his activities as an employee at the home. He had finished eight closely written sheets at night and his story remained uncomplete.

Coroner Gunn said today he did not expect to make any more arrests until after the hearing, which is to be hed Thursday or Friday. He added that, while Mors, may be telling the truth, and he had found some corroboration of the story, it would still be hard to prove that any of the deaths were unnatural unless the bodies were exhumed.

BLOODY BATTLES IN CARPATHIANS

Mountain Sides Strewn With Dead and Dying Combattants

RUSSIANS TAKE 6,000.

Isolated Conflicts in Eastern War Zone—Alsace Campaign Temporarily Halted by Heavy Snows.

Petrograd, Feb., 10—The batties for the slopes of the Carpathians and the passes which command the fertile Hungarian plains are being waged with a desperation that is unprecedented.

The mountain sides are strewn with dead and dying. Both sides are being constantly re-enforced, and the battle is developing so that it promises to become one of the decisive of the war.

If the Russians win—and all reports indicate that the advantage is with them—then they will be able to remain their holdings in Bukowina and also to attempt an invasion in ofrce of Hungary.

If they are forced to retire it will not be disastrous, inasmuch as they will simply fall back on their strongly intrenched positions in Galicia and northern and eastern Bukowina.

At Bartfield and Svidnik the attacks of the Germans have been repulsed with heavy losses, and in the region of Lupkow Pass they were driven back on their second line, the Russians capturing 69 officers, 5,200 men, 18 machine guns, and a large quantity of supplies.

Paris, Feb. 10—Isolated conflicts at half a dozen points on the long battle line from the sea to the Swiss frontier are being fought with the utmost desperation.

In general there is little change in the dispositions. The Alsace campaign is halted by the heavy snows, but both sides are in readiness to assume the offensive shortly.

GIRL SAVES SKATER

Then Drags Him From Water With Rope Attached to Automobile

New York. Feb. 10—Using an extra automobile tire as a life preserver Miss Elsie Ditson, of Paterson, N J. saved the life of William Young, who had broken through the ice of Bowden's Mill pond.

Young, who lives at Jacksons Mills, is twenty six years old, and Miss Ditson twenty. He was visiting his uncle at Cedar Grove, and decided to go skating. Within five minutes he was struggling in the water.

Young's strength was rapidly giving out when Miss Ditson, driving along Little Fall road, discovered him. Hastily unstrapping an extra tire from the rear of her machine, she knotted a rope to it. Venturing as close to the struggling man as she dared, she threw the tire life preserver. It slid within reach and Young fastened it under his arms Then Miss Ditson began pulling, but made no headway.

"Hold fast just a few minutes longer please, please" she cried, darting toward her machine. Backing it until within reach of the rope she knotted the latter fast to the spring, then leaped to the wheel and sent the car forward at half speed. Slowly Young was dragged from the hole to the pond's edge.

That point reached, Miss Ditson helped the rescued man aboard, covered him with a robe, and at full speed drove him to his uncle's home.

Physically Young was none the worse last night. Specialists, however declare that his heart has been greatly affected.

SUNDAY SCHOOL WORKERS.

Opening Session in Charlottesville Last Night—Many Addresses Made.

Charlottesville, Va., Feb. 10.—The opening session of the twenty-fourth convention of the Virginia Sunday School Association was called to order last night by the president of the organization, Jacob Umlauf, of Richmond, following a special song service conducted by C. Harold Lowden, of Philadelphia, music editor of the Heidelberg Press.

Dr. J. P. McConnell, superintendent of the State Normal School at Radford, spoke on "The Public School Teacher as a Factor," after which the convention address was delivered by Dr. S. U. Milman, of South Bethlehem, Pa.

During the afternoon, primary, junior, secondary and adult conferences were held at various churches of the city. Miss Katherine Grob, of Fairfax, State superintendent, elementary division, was the leader of the primary conference; Miss Lucile Simcoe, of Epworth M. E. Church, Norfolk, leader of the junior conference; Frank T. Israel, of Fairfax, State superintendent, secondary division, leader of the secondary conference, and Jacob Umlauf, of Richmond, leader of the adult conference.

Israel, of Fairfax; Miss Hilda Forshberg Davis, of Court Street Methodist Church; Lynchburg; John Garr, of Clarke's Gap, and Mrs. Frank T. Israel of Fairfax.

SURPRISE TONIGHT.

Dorothy Donnelly creator of the title part in "Madame X" and America's favorite young tragedienne, is peculiarly fitted both by nature and temperament to play the difficult leading role in "The Thief." Her work as the original "Madame X" gave her first place among emotional actresses, and in the present production she has surpassed all her previous efforts. Richard Buhler and an all-star cast give excellent support to Miss Donnelly. "The Thief" was staged at the William Fox Studios under the direction of Edgar Lewis. Some conception of the elaborateness of the production may be gained from the fact that the gowns worn by the star are valued at more than $5,000 and were selected from the products of leading modistes in New York, London and Paris. The gowns in themselves are a special treat.

PASSAGE OF LOCAL TAX MEASURE

Towns Which Maintain Own Streets Exempt From County Levy

MAY TAKE A RECESS

Governor Will Not Extend Session of Legislature—Members Not to be Paid After Tomorrow.

Richmond, Va., Feb. 10—Certain provisions and phraseology of the Tavenner amendment to the Tax Segregation bill relative to local levies, were corrected to meet constitutional requirements after a series of conferences yesterday and then submitted to both branches of the Legislature. The House by a vote of 65 to 28 passed the bill and the Senate concurred.

The bill authorizes the levy by cities of local taxes of 30 cents; the county boards of supervisors can levy a 30 cent district road tax; incorporated towns which are not taxed for county roads, can levy a 30 cent tax. Citizens of towns which maintain their own streets cannot be taxed by the counties in which the towns are located; all bank stock is exempted, and unless the bank bill, fixing the rate at $1.65 is passed the stock will be taxed according to the full State and local rates.

Leaders in the tax reform movement were confident last night that at today's session of the Legislature a recess would be taken for two weeks to allow time for conference committees to correct pending amendments to the bill creating an advisory State tax commission so that they will conform with provisions of the code of Virginia. Many amendments have been adopted to companion bills, other amendments are being considered and a great many of these are not in accord with various sections of the code.

The session will not be extended by the Governor. It will not be extended by a vote of the Legislature, according to the present plan. The legislature will merely allow the present session to run by the day fixed for adjournment—Thursday — and continue long enough for passage of the tax bills.

A ruling has been made that the present session can be allowed to run thirty days longer, though the members of the Legislature will not be paid after Thursday.

VOTES PREPARED

Danger to Neutral Commerce Pointed out to Germany

Washington Feb. 10—Drafts of notes to Great Britain and Germany one relative to the use of the American flag by the British liner Lusitania, and the other concerning the intention of the German navy toward neutral vessels in the newly prescribed sea zones of war, were given personal consideration by President Wilson yesterday after conferences with Secretary Bryan and members of the cabinet.

It is understood that no protest or what might be construed as a complaint against any violation of international law is to be directed to either country. The administration view of the hoisting of the American flag on the Lusitania is that it is a customary ruse of war, but at the same time representations were deemed advisible to point out how easily neutral commerce might suffer through continued practice of the strategem.

MONEY FOR SCHOOL

Resolution Appropriating $35,000 for Purpose Introduced in City Council.

It was anounced recently by the finance committee of the City Council that arrangements had been perfected for raising the money necessary to erect the purposed new high school building at the northwest corner of Cameron and West streets. This was followed last night by the introduction of the following resolution in the City Council which was referred to the committees on finance, schools and public property.

Resolved by the City Council, That the sum of $35,000 be, and is hereby, appropriated to begin the construction of a school building on the lot north of Cameron street and west of West street, the work to be done under the supervision of the committee on streets and the city engineer, who are hereby authorized to do the work by day labor and sub-contracts to the completion of the building in accordance with the plans and specifications in the office of the city engineer, with such modifications as may be decided upon by the committees.

The movement for the erection of this building was started some time ago and after the lot had been purchased the work of beginning the structure was necessarily delayed, as the city had previously been subjected to an enormous outlay in laying improved roadways on different streets. These mattrs having been disposed of, the City Council announced some time ago that the city was in a position to take up the new school project, and both boards signified a desire that the work proceed. Arrangements were accordingly made to procure the money, and now that the appropriation is about to be made, it is believed the new building will be ready for use some time during the present year.

WAR FORCES UP WAGES

Advance In Cost of Living Causes Unrest In England Among Laboring Classes

The increase in prices brought about by the war is resulting in unrest among the laboring classes of England and in widespread demands for better wages. The problem is complicated by the scarcity of labor in some trades, due in part to the number of men who have joined the army.

Railway men in all parts of England have passed resolutions urging their union officials to make demands at once for an increase in wages. Branches at the important railway centres, have gone so far as to direct their committees to give the required six weeks' notice of termination of their contracts with the companies and to ask for new contracts, with an increase of $1.25 a week for all grades of railway workers.

The manager of the Newcastle Street Railway system is considering the advisability of employing women car conductors on account of the scarcity of labor.

In many parts of the United Kingdom argicultural workers are agitating for an increase in wages, urging that prices have increased to such an extent that they are no longer receiving a living wage. The growing seriousness of the shortage of farm labor is emphasized by the demand this week from a number of agricultural organizations for suspension of the law enforcing the attendance of children at school until they are 13 or 14 years old. To avoid child labor various plans are under consideration, such as the employment of Belgians of women or the exemption of skilled agricultural laborers from military service.

London dairymen say that the scarcity of labor, as well as the increased cost of fodder, will make necessary a rise in the retail price of milk.

ANOTHER CONFERENCE

Members of Chamber of Commerce and City Officials to Meet Underwriters

Alexandria's failure to carry out the recommendations of the National Board of Fire Underwriters, who after a complete survey of the city made two years ago condemned the small water mains in certain sections of the city and also the lack of fire apparatus, will be brought to the attention of the city officials and business men at a conference to be held in the rooms of the Chamber of Commerce on Friday, February 19th, at 8 o'clock. A communication asking for the conference was received yesterday by James T. Preston, secretary of the Chamber of Commerce, who was requested to extend the invitation to the Mayor, the members of the city council and the chief of the fire department.

It is reported that unless the city will agree to meet the conditions as imposed by the underwriters, there will be a general raise of insurance rates in the city. Among the recommendations of the underwriters is the substitution of a completely paid department in place of the present system of paid men and volunteers and the increase in the size of the water mains, especially in the lower section of the city where there are a number of large manfacturing plants.

Both sides of council at last night's meeting accepted the invitation to meet with the underwriters.

MAYOR'S ORDER ENFORCED

Richmond's Red Light District Loses its Identity

Richmond, Va., Feb 10—Commercialized vice as it has for years been permitted to exist in Richmond with the tacit consent of the Police Department, acting in pursuance of a generally approved policy of segregation, was officially put under the ban yesterday by an order issued by Mayor Ainslie, directing the Chief of Police to enforce rigidly and at once the laws against all houses of common resort, whether within or without the former segregated district.

The order carries promptly into effect the full recommendation of the Vice Commission on this point. The commission's own language is made part of the Mayor's order, and the Chief of Police is directed to follow it in putting the decree into effect.

The chief lost no time in putting the order into effect. He communicated at once with the precinct captains and the order was transmitted to the force as fast as the relief details went on duty. A supplementary order was issued by Chief Werner, giving immediate instructions to every patrolman and officer on the force. By 1 o'clock in the afternoon the whole police force had been apprised of the new order.

Proprietors of all houses in the former segregated district were served with notice of the ruling and warned against disobeying the law. Warnings of a similar nature went to houses outside the former district against which more or less conclusive evidence of immorality were held by the police.

When night fell, Richmond, as far as was known to the police, was without a single house of ill fame. The segregated district, long the target for the arrows of reformers and would-be reformers, had lost its identity.

Although the police kept a strict surveillance on the one time segregated district and will continue to maintain its watchfulness until the present 200 odd inmates move out, it discovered no attempt to violate the law. The same strict surveillance was maintained over other suspected houses in the city at large. Nowhere did the authorities discover an attempt to evade the new order.

BOY HELD AGAINST STOVE.

Mount Airy School Trustees Investigating "Initiation."

Frederick, Md., Feb. 10.—Trustees of the Mount Airy School will investigate the burning of Paul Smith, the 12 year old son of David Smith, who was held against a hot stove by two older pupils until his flesh was blistered during an "initiation." The lad is recovering from a week's illness caused by the experience.

The "initiation" took place during the absence at lunch time of the teacher, Miss K. C. Rudy. After breaking away young Smith ran home and for several days was under the care of a physician. It is said he suffered more from shock and fright than from burns.

HEARSAY EVIDENCE.

Comedy of a type seldom seen off stage was presented in Richmond last night, when B. P. Shelor, of Salem, testified before the legslative committee appointed to probe charges that publishing concerns have practiced discrimination against Virginia in the matter of prices charged for schoolbooks. Shelor, who is president of the Civil Betterment League of Salem, was summoned to appear before the investigators after he had written a letter to Senator Andrews, of Roanoke, in which he strongly intimated the existence of graft. In the State Board of Education. When he was asked last night to cite a concrete instance of "graftng," Mr. Shelor said: "I have never heard a name mentioned but the public believes there is something wrong."

The scene before the legislative committee was similar to those which confront law officers at times all over the world. Many people talk, but when attempts are made to hold them responsible for their inuendoes and aspersions they generally "know nothing of their own knowledge."

Alexandria has ever been beset by such croakers, and the case of Shelor will bring to mind some reminiscences. The arrest of a negro yesterday on the charge of promoting policy suggets similar attempts upon the part of the authorities of Alexandria to break up this traffic. Many years ago a man living in Alexandria acted as correspondent of a weekly paper published in Washington which was circulated in Alexandria. While searching for a text or suggestion in order to write up a sensation, he turned his pen on what he termed the open manner in which policy was conducted in this city. He made bold statements as though he was perfectly familiar with everything he alleged was going on, and the authorities determined to investigate the allegations made by the knight of the quill. The latter was summoned to appear before the grand jury of the Corporation Court, but when he was forced to face that tribunal he stated that he was merely writing his articles on hearsay evidence. The grand jury was unable to obtain any positive evidence against any one and the matter was dropped.

There are people in every community who see no good in anything of an official nature. Men who are called upon to fill complimentary positions which consume their time and labor are too often the targets of people who simply talk to hear themselves talk. They refuse to take the places themselves, but inveigh against every act better citizens are called upon to perform.

...he of the croaker class seem to ... an official in dispensing jus... an convict suspects on general ...ples. Such should know that ...unal must have evidence be... it can act. Policemen are es... subjects of such annoyances. ...plaints are made to them daily ...sorderly procedures in different ...ns of the city. When the com...ants are asked to give names of ...lers they invariably decline, ...g the representatives of law ...rder helpless to act.

...SON HAS ...THER VISION.

...e positive assertion that Japan ...aid plans to take over China by ... and that this is to be done with ...lent acquiescence if not the open ...ion of Great Britain and with an ... disregard for the open door ... with respect to China prevail... among the powers, was made last ... by Representative Richmond ...on Hobson, of Alabama.

... Hobson declared it was his ...n that Japan, in starting upon ...enterprise now, is taking ad...ge of the general calamity in ...pe, and that, because of the war ...tions, America stands as the ...olstacle in the way of the ac...dishment of the plan. Japan, according to Mr. Hobson, is not greatly concerned about American opposition, being in the position rather of inviting war with this country than of avoiding it.

The Mikado seems to be to Mr. Hobson as was Thor with his hammer to the Northmen in the past centuries. The yellow peril ran its course several years ago, and those who contracted the ailment at that time have entirely recovered or are in an advanced stage of convalescence. Like some disorders, however, they occasionally leave the victims with some weakness. Mr. Hobson must have had a most malignant case.

RUSSIA WILL CONTINUE WAR.

Foreign Minister Sazonoff Addresses Duma.

Petrograd, Feb. 10—Foreign Minister Sazonoff, in an address before the duma yesterday recalled how, in the place where he stood, six months ago, he had explained why Russia, "in the face of the brutal attempt of Germany and Austria" upon the independence of Servia and Belgium had been able to take no other step than to bear arms in the defense of the rights of nations."

Russia, he said standing closely united and unanimous in her position against an enemy which had offered provocation did not remain isolated, because she was immediately supported by France and Great Britain, and soon afterward by Japan.

In a review of the progress of the war M. Sazonoff said the allies' goal was assured. It was useless for Germany and Austria to say they were forced into the war, or to repeat the old story that King Edward had sought to surround Germany with enemies, for he declared, the whole world knew that the agreements entered into or projected by that monarch were fundamentally defensive.

"The world knows," M. Sazonoff continued, "that the union of the allies is immutable; that it is becoming daily closer in the common task to destroy the military power of the enemy in order to permit Europe to enjoy an enduring peace. All the allies vigorously are helping each other.

Ferdinand Tuoy, the London Daily Mail's correspondent with the Russian armies in the field, telegraphs that the Germans in two days lost 11,000 dead, about Gumine, where the fighting was hottest. The slaughter was the most appalling ever seen on the whole eastern front. Between the trenches huge masses of men lay dead and dying.

At a Circuit Court of the City of Alexandria, continued and held at the Court House of said City on Saturday, January 9th, 1915.

Present, Hon. J. B. T. Thornton, Judge.

Washington, Feb. 10.—Government purchase of historic Monticello and its conversion into a museum for the original manuscripts and writings of Thomas Jefferson was proposed by Representative Henry, of Texas, in a bill introduced in the House yesterday.

Virginia Farmer Shoots Opponent Who Attacks Him.

Orange, Va., Feb. 10.—Floyd Johnson, a young farmer of Louisa county, shot and instantly killed J. M. Hume yesterday in the latter's home, near Unionville, Orange county.

Johnson and Hume started a friendly wrestling match. Hume was being worsted and ran into his home, seized a razor and attacked Johnson. The latter, finding a shotgun nearby, fired at Hume, as he claimed, in self-defense.

Johnson is now in Orange County jail.
